**Learning Through Experiments**

Welcome to Meerut Public School, a name held with reverence in the field of Education. Its humble inception in 1982 was an answer to the call of time for an English Medium Public School to avail an opportunity to equip the children with the ethos of Indian culture and tradition. Meerut Public School is one of the finest schools with a strong heartbeat and an unequivocal commitment. Progressing with time and excellence as its hallmark, the school has established itself as one of the premier schools in the city.

The school offers a broad mandate of facilities with a beautiful vast range of flora with ample space for quality education. The school is committed to provide an educational experience that is the richest, most diverse and most exciting in an atmosphere that provides support, encouragement and care for every child.

The school tries to ignite curiosity and desire for learning among its students rather than routinely loading children with academic bulk. It provides an environment that encourages a questing mind and gives students many avenues for expressing their vision. The learning imparted provides a compass and propels them quickly in the right direction.

Determination, Discipline and Dedication are virtues, which may sound hackneyed but ultimately all success stories, achievements and victories of facing new challenges and reaching 'Greater Heights' have these vital ingredients. The school strives to inculcate these values amongst its students. The school has displayed its mettle in the field of Holistic Education. Its brilliant alumni can be traced both at national and international level, making the school proud.

## Nurturing Excellence Through Innovation and Values

At Meerut Public School Main Wing, education transcends textbooks, nurturing young minds through an enriching blend of academic excellence, innovation and timeless values. Aligned with NEP 2020, our learner-centric approach fosters creativity, critical thinking, conceptual understanding and skill-based learning, empowering every child to discover their unique potential.

Our fully air-conditioned, technology-enabled classrooms, equipped with smart panels and advanced digital resources, create stimulating learning environments. Through blended and experiential learning, hands-on activities and real-life applications, students develop confidence, collaboration, problem-solving abilities and a lifelong passion for learning.

Rooted in values and driven by innovation, MPS Main Wing shapes compassionate, capable and future-ready individuals prepared to excel beyond classrooms.

# A VISION THAT SHAPED GENERATIONS

## FOUNDER'S MESSAGE

यद्यदाचरति श्रेष्ठस्तत्तदेवेतरो जनः।
स यत्प्रमाणं कुरुते लोकस्तदनुवर्तते॥

This powerful verse from the Bhagavad Gita captures the true essence of visionary leadership. It reminds us that great leaders do not merely manage — they inspire through their actions and set standards that others naturally follow. True visionaries lead by example, creating a ripple effect that shapes entire generations.

The MPS Group stands as a living testimony to this timeless principle. Under the visionary leadership of Late Shri Tarachand Shastri ji and Mrs. Kusum Shastri, the journey began with a bold, far-sighted dream - to transform the educational landscape through quality, values, and excellence. Their leadership was never limited by present circumstances. Instead, it was defined by extraordinary foresight, courage, and an unshakable belief in the power of education to uplift society.

In 1982, from humble beginnings in Meerut, Shri Tarachand Shastri ji planted a single seed with a clear and expansive vision — to create institutions that would serve every section of society and nurture future-ready leaders. Guided by deep conviction and nurtured with dedication, that vision steadily unfolded. What started as one school evolved into a thriving educational legacy of seven schools in Meerut and one in Greater Noida.

At every stage, their visionary approach turned challenges into opportunities and limitations into possibilities. They didn't just build schools — they crafted an ecosystem where knowledge, character, and innovation flourish together. Ms. Kusum Shastri continues to steer this vision with the same passion, clarity, and dynamism. Her leadership is rooted in the profound belief that every child carries immense hidden potential. Under her guidance, MPS Group has become a beacon of progressive education — seamlessly blending tradition with modernity, discipline with creativity, and academic rigor with holistic development.

Today, the impact of their visionary leadership is visible in thousands of empowered lives. It shines through every successful student, every empowered educator, and every individual who found purpose and dignity within the MPS ecosystem. Their example continues to inspire not just those within the institutions, but the wider community — exactly as the Gita verse proclaims.

As the MPS Group completes over four decades of excellence, it celebrates a remarkable journey of visionary leadership, relentless dedication and transformative impact. The dream that began four decades ago continues to soar To Greater Heights, shaping generations and leaving an enduring legacy of excellence.

# THE LEGACY CONTINUES – THE ROAD AHEAD

## FROM THE MANAGEMENT'S DESK

**"What you leave as a legacy is not what is etched in stone monuments, but what is woven into the lives of others."**

**As proud torchbearers of the extraordinary vision set by our revered Founder Chairman, Late Shri Tarachand Shastri ji, and President & Co-Founder, Mrs. Kusum Shastri, we are deeply committed to carrying their dream forward with renewed energy, clarity, and purpose.**

**We stand on the strong foundation they built, not merely to preserve the past, but to actively expand and elevate it for future generations. Their vision of quality, value-based education continues to guide every decision we make as we embrace innovation and prepare our students for a rapidly changing world.**

**In alignment with the National Curriculum Framework (NCF), we have introduced progressive reforms that mark a significant shift in teaching and learning. Moving away from rote memorization, our focus is now firmly on student-centric, experiential learning that ignites curiosity, nurtures creativity, and develops critical thinking and problem-solving skills. Classrooms are transforming into dynamic spaces of exploration, dialogue, and discovery, where students are encouraged to question, apply, and create — empowering them to become independent thinkers and confident leaders.**

**We are also investing significantly in modern infrastructure and facilities to provide a safe, stimulating, and future-ready environment. The addition of synthetic basketball courts, archery ranges, badminton courts, and enhanced sports facilities across our campuses reflect our commitment to holistic development and the nurturing of sporting talent alongside academic excellence.**

**As we carry the vision forward, we continue to introduce new ideas and initiatives that blend tradition with modernity. The establishment of advanced STEM laboratories, alongside technology-enabled learning, skill development programs, and innovative pedagogical practices, empower students to explore scientific concepts through hands-on experimentation, critical inquiry, and real-world problem-solving — equipping them with both deep roots and strong wings for the future.**

**At the heart of this journey remains our strong partnership with parents, educators, and the wider community. We believe education is a collaborative endeavour built on trust, open communication, and shared responsibility.**

**While we enthusiastically embrace change and innovation, we remain firmly anchored in the timeless values of discipline, integrity, respect, and compassion — the very foundation laid by our founders.**

**With deep gratitude for the legacy we have inherited and great excitement for the future we are shaping, we move forward with purpose and optimism. The journey continues — stronger, brighter, and more purposeful than ever — as we lead all MPS institutions To Greater Heights.**

# FROM THE PRINCIPAL'S DESK

**"The function of education is to teach one to think intensively and to think critically. Intelligence plus character — that is the goal of true education."**

Dear Reader,

At Meerut Public School, Main Wing, we believe education is not just about imparting knowledge — it's about inspiring transformation. Our vision is to empower students to become confident, compassionate, and capable individuals who can thrive in a dynamic global environment.

We offer a well-rounded education that balances academic rigor with creative exploration, emotional intelligence, and ethical grounding. Our curriculum is thoughtfully designed to meet the evolving needs of our learners — blending scholastic excellence with co-curricular enrichment to nurture every child's unique potential. We believe that true learning takes place when students are actively engaged. Our dedicated teachers embrace innovative and inclusive teaching strategies that foster critical thinking, collaboration, and curiosity. Whether through project-based learning, digital integration, or experiential activities, we aim to make learning a joyful and meaningful journey.

Beyond academics, we focus on character-building and value-based education. We nurture empathy, resilience, and leadership — qualities essential for success in today's world.

As the Principal of Meerut Public School Main Wing, I feel honoured to lead an institution that stands for excellence and integrity. Together with our skilled educators and supportive parents, I am committed to guiding our students towards greater heights — academically, socially, and personally.

Let us move forward as partners in shaping a generation that is not only successful but also kind, thoughtful, and responsible. The future belongs to those who dare to dream and are prepared to lead.

**Dr. Alka Srivastava Gaur**
Principal

# Aims and Objectives

**Ready to shoulder responsibilities**

The school is committed to create an environment that inspires students to learn, grow and achieve their highest potential.

# Co-curricular Activities

Besides focused academic pursuits, the school provides to the students a plethora of extra-curricular activities with a blend of best values for their holistic development.

## Sports and Games

The school believes that sports related activities not only keep the body fit but also help in building character as students develop a sense of discipline, resilience and team work.

The school is determined to impart all round education to the young and incorporate in them the whole essence of human life. Bearing this in mind much emphasis is laid on games and sports. Coaches are employed by the school for the purpose of giving specialized training in Basketball, Volleyball, Table Tennis, Badminton, Skating Tae-kwon-do and Athletic. This training is conducted during and after school hours.

The Basketball and Badminton courts have been constructed as per Olympic specifications. The school students / teams participate and qualify for District, State and National level.

## Inter School Events

Every year the school hosts Dr. D.P. Singh Memorial Inter School English Debate Competition and the MPS Inter School Basketball Tournament. Besides the school participates in Inter School competitions held under the aegis of Meerut Sahodya Complex, CBSE Cluster and CBSE Zonal Meet: Badminton, Basketball, Skating, Football, Athletics and Cricket.

## Music, Dance and Dramatics

Our ethos is embodied in drama to tap the talents and hone the potential of the students. Inter House/ Inter School / Inter Class competitions and presentations are organised from time to time. These presentations are group songs, Indian, Western and Folk Dance, Ballets and stage shows. Ample opportunities are provided by the school to channelize the hidden talent of the students.

## Quiz, Debates and Symposiums

The school attaches great importance to a varied programme of activities outside the ordinary class routine. To hone talents activities like Debates, Extempore, Symposiums, Elocution regularly feature in Inter House Competitions.

## Celebrations

The school celebrates Teachers' Day, Children's Day, Labour Day, Founders' Day, Yoga Mahotsav, Reading Week, Plantation Drive and National Festivals. Special Assemblies are conducted for all religious festivals and days marked for special occasions such as Earth Day, World Book Day etc. Also Award Ceremony and Athletics Meet are a regular annual features in the School Almanac.

## Community Service

Education plays a vital role in providing correct direction in achieving one's goal. In view of this Community Service forms an integral part of the school's educational philosophy and curriculum. Frequent trips to orphanages and slums are arranged to sensitize children to the plight of the under privileged. Besides, our students participate in service related activities in variety of ways which are all age appropriate.

**Meerut Public School readily implements the NEP by mapping the curriculum across grades and focussing on practical application-based learning. Moving away from rote learning and memorising to conceptual understanding.**

## PRIMARY WING

**Collate.... Collaborate....Connect... Create...**

The four Cs form the bedrock of all pedagogical practices of the Junior Section and inspire the teaching-learning processes.

The **social, intellectual, aesthetic, emotional and physical** needs of the students are central to the curriculum, so that the classroom becomes a world in which the acquisition of skills and conceptual understanding goes hand in hand with the freedom to inquire, explore and create. Every day our children have the opportunity to experience an innovative and inclusive environment to work, learn and play.

Our teachers are deeply engaged in their students' lives, taking a collaborative team approach to support each child's academic and emotional development. The teachers are also focused on the socio- **emotional growth** of the children. They have a genuine affection and strong commitment to help them succeed in school and in life. Values of honour, courage, trust and compassion are strongly embedded in our students.

An assortment of co-curricular activities like Theatre and Drama, Singing and Dancing, Public Speaking, Enaction and Mime, Storytelling, Drawing and Painting are organised for their overall development.

## MIDDLE WING

At Meerut Public School, all the lessons are planned in such a manner that they cater not only to the formal aspect of learning but also to the digital aspect of learning. Various online/offline educational application-based modules and games make the learning experience lively, interesting, and enjoyable.

The school strives to integrate subjects, streams and technology to create a holistic learning experience for students along with the component of digital literacy, scientific temperament and computational thinking. Stress Management workshops and individualised counselling sessions are an integral part of the curriculum. To prepare the child to adapt himself to modern technology, a fully equipped computer room is provided by the school.

To strike a balance between academic and creative pursuits, the students are encouraged to enrol themselves in various hobby clubs like Dance, Music, Painting, English Communication, Personality Grooming, GK, IT & Robotics, Science Club, Social Welfare & Community Service, Basketball, Chess, Yoga & Aerobics.

## A NEW BEGINNING : PARTNERING FOR PROGRESS

The Parents' Orientation Programme was organised to familiarise new parents with the school's vision, curriculum, and policies, fostering a collaborative partnership aimed at the holistic development of students. The event commenced with the screening of a documentary titled 'Glorious History of MPS Main Wing,' which beautifully showcased the institution's rich legacy and remarkable journey. This was followed by a session by the Principal, who highlighted the school's outstanding achievements through an informative PowerPoint presentation, besides apprising of the rules & regulations. The presentation offered parents valuable insights into students' daily activities, the importance of regular attendance, the school's infrastructure, scholarships, rewards, and a comprehensive overview of its academic and co-scholastic programmes—all of which were highly appreciated by the parents.

Demonstrations of the ERP system (Entab) and Google Classroom further illustrated how technology enhances teaching and learning. The school counsellor conducted an insightful parenting session, guiding parents on effectively supporting their children's educational growth. The programme concluded with an interactive session between parents and class teachers, fostering open communication and strengthening the school–parent partnership

## SECONDARY & SENIOR SECONDARY STAGES

The Senior School comprises of classes IX to XII. Students are prepared for their entry into the world of higher education and future career prospects. There is greater focus on academic development and preparation for examinations that provide entrance to universities worldwide. Social skills are enhanced further to give a smooth entry into the international world of education. Personal growth opportunities and sensitization to community development are emphasized.

Senior School students are encouraged to cope with the rigours of high level study in their chosen subject areas and to involve themselves in activities which help them to develop their own creativity. Sports and action oriented skills and their sense of respect for the community is also focused upon. Here they learn that they can truly make a difference.

## EXPLORATORIUM

**"Tell me and I forget, teach me and I may remember, involve me and I learn."**

Laboratories in the senior section play a crucial role in turning theoretical knowledge into practical understanding. They develop curiosity, critical thinking, and problem-solving skills while promoting teamwork, communication, and social interaction among students. Lab activities teach responsibility, patience, and discipline, as students follow procedures and handle equipment carefully. Exposure to modern tools, technology, and software prepares learners for a high-tech world, enhancing digital literacy and adaptability. By combining academic concepts with hands-on experiences, laboratories bridge the gap between theory and practice, nurturing confident, innovative and socially aware students ready to excel in higher education and future careers.
